

Trip Report

Place Visited: Utah, US
Dates of Travel: March 21-29, 2015
Traveler: Sulav Paudel, IPM Program Coordinator, iDE, Nepal
Purpose of Trip: To participate in the International IPM Symposium
Sites Visited: Salt Lake City

Description of Activities/Observations:

March 22: Arrived at Salt Lake City, Utah.

March 23-26: Attended the 8th International IPM Symposium "IPM: Solutions for a Changing World," at the Salt Palace Convention Center, 100 S. West Temple, Salt Lake City, Utah USA. The symposium sessions were divided into tracks based on commodity or setting and addressed various aspects of Integrated Pest Management (IPM) across disciplines and around the world. Meanwhile, there were several invited talks from distinguish guests in a wide range of topics. On March 26th, I presented our IPM Innovation lab work on Nepal.

March 27: Departure from Utah, USA

Accomplishment:

The trip provided an opportunity to learn more about the IPM activities globally and also gave me a platform to extend my professional network.
