

## IPM CRSP Trip Reports

Country(s) Visited: Tanzania

Dates of Travel: July 19-24, 2015

Travelers' Names and Affiliations: Dr. Jesca Mbaka, Ms. Miriam Otipa, Dr. Ruth Amata, Ms. Getrude Alworah, Mr. Eston Njeru, Ms. Calrolyne Mutai and Mr. Ginson Riungu-Kenya Agricultural and Livestock Research Institute (KALRO)

Purpose of Trip: International Training on *Trichoderma*

Sites Visited: World Vegetable Research Center, AVRDC, Arusha, Tanzania

Description of Activities/Observations:

- Presentations of *Trichoderma* (Antagonism, Induced and acquired Resistance) mode of action
- Practical work on the serial dilution method for isolation of *Trichoderma* and *Pseudomonas*
- Presentation on efficacy evaluation and mass production of *Trichoderma*

### Training Activities Conducted

Program type (workshop, seminar, field day, short course, etc.)	Date	Audience	Number of Participants		Training Provider (US university, host country institution, etc.)	Training Objective
			Men	Women		
Workshop	July 20-23, 2015	26	14	12	Virginia Tech, Tanzania, AVRDC	

Suggestions, Recommendations, and/or Follow-up Items:

- Training should include a field trip in the host country.
- Participants should be asked to submit country's plans for the way forward to the organizers (IPM-IL).
- The Kenyan team will form a plan to train small scale farmers on the use of *Trichoderma* and will identify local importers and/or distributors with whom to work.
